**FOR IMMEDIATE RELEASE**

**PRO TECH ANNOUNCES RESELLER FOR NOISEBUSTER® IN  
AUSTRALIA AND NEW ZEALAND**

FORT PIERCE, Fla., August 11, 2005 – Pro Tech Communications, Inc. (OTCBB:PCTU) today announced that Frontier Solutions and Strategies, a leading provider of ergonomic hardware and accessories in Australia and New Zealand, intends to distribute Pro Tech’s NoiseBuster® active noise reduction (ANR) audio headphones. The product will be sold online at [www.frontiersolutions.com.au](http://www.frontiersolutions.com.au), [www.ergozmic.com.au](http://www.ergozmic.com.au), [www.frontier-solutions.co.nz](http://www.frontier-solutions.co.nz) and [www.ergozmic.co.nz](http://www.ergozmic.co.nz).

“We are pleased to have Frontier Solutions as our first NoiseBuster reseller in Australia and New Zealand”, said Richard Hennessey, President, Pro Tech. “We look forward to increased awareness of our brand and company in the region.”

The NoiseBuster electronically reduces irritating background noise. Ideal for use on airplanes, while exercising, commuting or mowing the lawn, NoiseBuster can be used on its own for simple peace and quiet or in conjunction with a portable audio device for excellent music clarity without overamplification and distortion.

The open-back design of the NoiseBuster NB-FX is lightweight and comfortable for the wearer. The earcups achieve a good ear seal without covering the ear in unwieldy, and often hot, closed earcups. Additionally, the headband folds for portability. Included with the headphone are a dual-pronged plug for airline use, a AAA battery and a carry bag.

For information on becoming a NoiseBuster distributor, please contact Lisa Lacoparra at 772-873-4286 or [lisal@protechcom.com](mailto:lisal@protechcom.com). Members of the press can receive free evaluation units by contacting Joanna Lipper at 203-226-4447 ext. 3506 or [jlipper@nctgroupinc.com](mailto:jlipper@nctgroupinc.com).

*Cautionary Statement Regarding Forward-Looking Statements*

Statements in this press release that are not historical are forward-looking. These statements are subject to numerous risks and uncertainties that could cause actual results to differ materially, including but not limited to: Pro Tech's ability to generate sufficient funds to execute its business plan; its ability to obtain additional financing if and when necessary; general economic and business conditions; the level of demand for Pro Tech's products and services; the level and intensity of competition in its industry; difficulties or delays in manufacturing; Pro Tech's ability to develop new products and the market's acceptance of those products; and its ability to manage its operating costs effectively. These forward-looking statements speak only as of the date of this press release. Pro Tech undertakes no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise. These and other factors affecting Pro Tech's business and prospects are discussed in greater detail in Pro Tech's filings with the Securities and Exchange Commission, which are available online in the EDGAR database at [www.sec.gov](http://www.sec.gov).
